Features & Benefits

Features

- **Home Office Connectivity** – The USB-C Mini Docking Station is your home office connectivity solution, enabling viewing on multiple monitors, connecting to external drives and printers, joining local area networks, charging mobile devices and more.
- **Road-Ready** - Slipping easily into your travel bag, the compact VP6950 keeps you connected, everywhere you go.
- **Dual 4K HDMI Ports** - Using either of the VP6950's dual HDMI ports, display UHD content in 4K resolution on external monitors, projectors and flatscreens.
- **Dual HD Mode** – Display presentations and other content in Dual HD Mode, viewing in true 1080p resolution on two monitors or projectors simultaneously.
- **Multi-Stream (MST) Triple Streaming** - Combining HDMI and VGA ports, MST Triple Streaming enables the viewing of high resolution content on up to three external monitors or projectors, simultaneously, displaying three different images in Extend Mode, or the same image in Mirror Mode (*macOS excluded*).
- **100W USB-C Power Delivery** - An integrated USB-C Power Delivery Port delivers up to 100W power to charge notebook computers, mobile devices and the Station's other supported peripherals.
- **Ultra-Connectivity** - The 11-port VP6950 is fully-loaded with connectivity options, including dual 4K/HD HDMI Ports, a VGA Port, four high-speed USB Ports, two SD Memory Card Readers, a 1-Gigabit Ethernet Port, and a USB-C Power Delivery Port.
- **Compatibility** - Windows®, macOS® & Android® systems.

Benefits

- **Home Office** – Connect multiple home office monitors, printers, scanners, drives, cameras, mobile devices and local area networks—all with the VP6950.

- **Stay Connected Everywhere** - Traveling with your laptop? Slip the 100W, road-ready VP6950 into your travel bag and stay connected and charged, everywhere you go.
- **Flexible UHD Viewing** - Display presentations and other multimedia content in 4K resolution on external devices, or in HD on dual monitors simultaneously, or on up to three external monitors in Multi-Stream triple mode, displaying three different images simultaneously via Multi-Stream Transport (MST) technology (*macOS excluded*).
- **Expect the Unexpected** – When traveling, you never know when you'll need to connect to local-area networks, external displays, on-site printers and more. No worries, the road-ready 11-port VP6950 has your back, *and your connection!*
